

Data Management Apprentice School 2011

Become a Quintilian and earn while you learn!

Quintiles will be opening a Data Management Apprentice School in Bloemfontein in Mar/April 2011 to benefit and enrich young individuals in South Africa. Education and qualification of young driven individuals are our primary reason for existence in the ever changing field of pharmaceutical research. The school will bring value, innovation, refreshment and joy to the apprentices. Should permanent employment positions be available at the end of the program, apprentices might benefit from a permanent career in pharmaceutical research

- Quintiles is the world leading clinical research organization
- Employs over 23000 professionals in more than 50 countries
- Quintiles South Africa was named in the Top 10 companies to work for in 2009, Deloitte
- All you need to get started is a 3 year Bachelors degree or educational equivalence in health or life science and computer literacy, Currently unemployed and a South African citizen

Applications due by 8 March 2011.
